

OZFF Cup 20xx

Purpose: To get more ham radio activity from Danish OZFF areas.

Time: Competition starts 1st of January 20xx at 00:00 utc and stops the 31st of December 20xx at 23:59 UCT.

The following bands / modes may be used: All legal amateur bands and modes. Use of repeaters and satellites are not allowed.

Class A - Hunter: Each contact with a OZFF station gives 1 point. OZFF station may be contacted 1 time per. band. Should more Activatorer be started from the same area with different calls, QSOs with each call gives 1 point per. band. If the Activator restart activity from the same area, it is possible to get points again, if it's on a new date and the Activator starts a new log. All amateurs in the world can participate in this class. The Hunters have to use the same Callsign the whole year. Self-QSOs did not count in Class A. This Class is not for Multi-Ops and Clubs. They will be deleted in Top 10.

Class B - The rules are the same as Class A - But only Danish amateurs can participate. All automatically participate in Class A and B.

Class C - Activator - Every contact from an area gives 1 point. A station may be contacted 1 time per. band. Should activity from the same area restarts or activity, it is possible again to get points from before worked stations on the same band, at new Calendates. But only if a new log is started at new Calenderdates. It's the ADIF Command "OPERATOR" that's quallify for Class C.

Class D – Club Activator – This class is for Club / Multi ops only. Check out Class C for point. Remark : The single Ops at the Club / Multi station automatic enter the Class C.

In Class D a club can apply for using more that one callsign.

If a club or other multiopr. Station are working in class C, the individual operator have the possibility to get points for own QSOer with the club / multiopr. Call to. This is done by the individual operator own call sign in each QSO at the ADIF file. Ex.

"<OPERATOR:6> OZ1XXX" Note - The activator himself have to put his call the log. But only for own QSOer.

Class D – SWL – Every listened QSO gives point like i Class A. The SWL-logs most be send via e-mail to the OZFF Award manager before 15.th. January 20xx. The log most have the following : OZFF-ref., Activator-call, Hunter-call, Mode, Date og time.

Logs: After the activity the Activator send the log to OZFF Award manager. It is the Activator logs that create rank for all classes. The logs are then forwarded to WWFF LogSearch. All ranks are automatically generated. The Activatoren do not need to check any. duplicates etc. Logs received later than 1 month after end activation, can depend of the log size be rejected for the OZFF Cup.

Deadline: All logs must be at OZFF Award manager at 15st January 20xx.

Rank List: Continuously updated ranklists of Class A + B + C + D. It will be available at www.ozff.dk

In January 20xx, the winner of all classes be published. We have awards for the first 3 in each class.
